Client Comments

Behavioral issues need time to understand, time to make an accurate diagnosis, and even more time to correct. It is a joy to have Ms. Hergert-Andresen in the community and to refer my patients to her because I know they will be in knowledgeable, compassionate and skillful hands. She is kind, effective, and the consummate professional. I have been consistently pleased by the quality and success of Jody's consultations with my clients.

We adopted a young and energetic Scottie who came with aggression issues. Jody saved Connor's life. He is a much happier boy and we're a significantly happier family.

Everything Jody taught us just flowed from one step to the next. Apollo is now a Canine Good Citizen, a certified therapy dog and an amazing pet.
